Assessment and Reporting Policy

Aim

The aim of the assessment and reporting policy is to inform parents, teachers and students about student progress.

Method

- Written and oral reports will be used to provide information to parents, students and teachers on student progress in each subject.
- Teachers will use assessment strategies and evaluate the results for future planning.
- Monitoring of progress will be in accordance to the capabilities and needs of each individual child.
- Students will be taught to evaluate their work, recognise their strengths and identify areas for improvement.
- Reporting to parents will include a written report at the end of each term.
- The whole school assessment and reporting schedule will be adhered to ensuring formative assessment strategies are utilised and that student records are maintained
